But don't take our word for it...

"Since serving 8 ounces of Cranberry +health™ per day my patients with recurring UTIs were reduced from 12 per month to 2 per month.

Patients like the taste, our dieticians like the low sugar content. The families of the residents like the brand name Ocean Spray and appreciate that this product improves their family member's lives."

– DON, Skilled Nursing, Venice, FL

"Cranberry +health™ or 'Super Cran' juice, as we call it, has really made a difference in the health of our residents. I recently asked our DON if the 'Super Cran' has helped lessen recurrence of UTIs and she said YES! I only buy Cranberry +health™ and serve it to any and all who want or need it. I highly recommend this product especially to those in healthcare."
